

# The Complete Executive Package

## **Active and Passive Counter Measures**

Learn to respond to any unarmed situation. Professional tactics include strategic positioning, mental posturing, verbal and non-verbal control, soft touch dissuasion and hard physical control tactics.

## **Advanced Counter Measures**

An extensive continuation of the Active and Passive Counter Measures... more tactical tools for a wider variety of threatening situations.

## **The Equalizer – Pocket Stick Control Tactics**

A small dowel which fits in the palm of your hand and is able to magnify simple finger tip pressure into excruciating pain on your attacker

## **Combatics – Offensive Tactics**

Sometimes your position diminishes when you wait. A systematic approach to assess how and when to go offensive; a real necessity when dealing with multiple opponents or weapons.

## **Impact Weapon Defense**

Defensive strategies to disarm attackers of clubs, bottles and other hand held implements.

## **Edge Weapon Awareness**

Sharp or pointed objects have certain traits in common; learn the tactics needed to escape harm for more critical situations.

## **Gun Disarming and Retention**

Understand firearms and maneuvers for disarming an attacker with a gun. Learn the escapes for the frightening do or die scenarios.

## **Multiple Opponents**

A comprehensive study of tactics needed when confronted by multiple opponents. Learn the advantages and objective you have to escape this common situation.

## **Multiple Opponents with Weapons**

Competence and strategy developed in previous levels makes dealing with multiple opponents with weapons realistic. It also enhances one's capabilities against anything less.

### **Comprehensive yet Concise!**

Available in 8 one hour sessions, or full or half day seminars. Private training and corporate programs available. Special programs designed to suit.

**Be Ready For Anything**
